

OxBridge Centre  
ENGLAND

# 11+ Online SUMMER Intensive Course

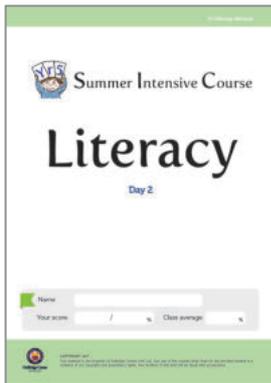

27 July – 14 August 2020 (3 weeks)

OxBridge Centre will be running 11+ Summer Intensive Course (11+ SIC) soon. We are very pleased to hear that many of our 11+ students from previous years found our 11+ SIC to be greatly beneficial towards improving their grades and performance in their 11+ exams despite the tough competition.

The 11+ SIC (containing all four subjects below) will run daily over a **3-WEEK PERIOD** and the course is designed to stimulate learning in a fun environment using interactive educational materials.

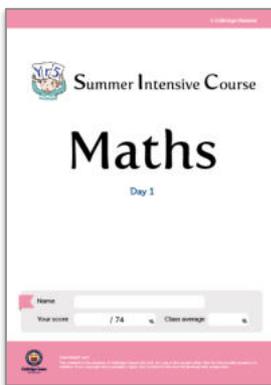

SUBJECT	DATE & TIME	NOTE
Literacy	27 Jul – 14 Aug 2020 (Mon – Fri)  9am – 4pm	Livestreamed lesson
English		
Maths		
Problem Solving		

## COURSE INFORMATION

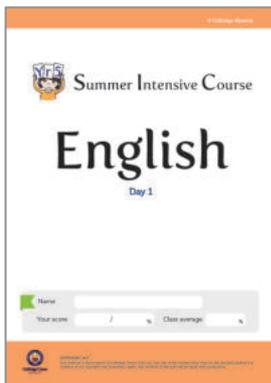

### Literacy

The growing emphasis on literacy in school entrance exams has made this course fundamental to the 11+ preparations. We offer an in-depth revision of all essential components of the English language: grammar, punctuation and spelling. The materials include clear written explanations and a wide-range of task styles, including multiple choice questions which feature prominently in many 11+ tests. Weekly progress tests are given in order to offer practice under test conditions and to pinpoint areas for improvement.

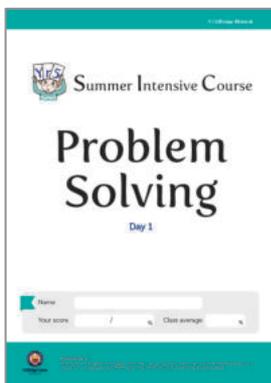

### Maths

This course will provide a comprehensive range of topics and styles of questions that will be expected to appear in the exams. Worksheets will consist of various types of questions to revise Key Stage 2 concepts. Numeracy, multiple-choice style questions, as well as problem solving questions are included to fully encompass all aspects of 11+ preparations. Through interactive learning tools, students will be encouraged to practice their numeracy skills in a stimulating game mode.

### English

With a text-based approach, this course offers practice in reading comprehension and essay writing. Students will develop their skills of analysis and inference, while transferring techniques and vocabulary from source texts into their own writing. A range of written registers is explored, including story writing, description, historic fiction, discussion and persuasive writing. Every day, students will practice writing essay under a timed condition.

### Problem Solving

This course will be beneficial for the second set of mathematics tests, which consists of a wide-range of problem solving questions. A PowerPoint presentation will be used to show various problems and to provide an interactive way of learning. A review test is given at the end of each week to ensure that students have understood the topics fully and know how to apply their mathematical knowledge in different types of problems.

## Frequently Asked Questions

### 1. How do I book?

Please complete and send your booking form to [admin@oxbridgeuk.com](mailto:admin@oxbridgeuk.com) along with your full payment. Bookings will only be confirmed **on receipt of a complete booking form and subsequent full payment**. Places are limited and will be offered on a **first come first served basis** so please make sure to book early to avoid disappointment.

PAYMENT METHOD	
<b>Bank Transfer</b>	Please note your <b>child's name</b> as reference when making your payment to:  Account Name: <b>OxBridge Centre (UK) Ltd</b> Sort-code: <b>20-83-02</b> Account Number: <b>60094293</b>

### 2. How do we teach?

We will live stream the course online. Our tutors will be teaching via video and virtual interactive methods. Our personal service will allow voice and video communication, enabling students to be able to ask questions throughout the class and the teacher to monitor the pupil's work closely, as well as shared note taking and make individual comments.

### 3. Can I book for particular subject(s)?

Students who wish to register for individual subject(s) will be put on a waiting list and places will only be offered depending on availability (£360 per subject). However, please be informed that all places have been offered to those who take all subjects since 2016 and it is anticipated that the course will continue to be oversubscribed.

### 4. Class material (no printing required)

We will deliver 60 booklets (15 days x 4 subjects) and extra materials to your house prior to the course, as well as mark schemes. You don't need to print anything at all for the entire course.

### 5. Homework Marking

For essay writing, you will be asked to send us a scanned copy of your child's essay everyday and the English teacher will give you feedback on a daily basis.

For the other subjects, we will provide you with mark schemes (paper copies) so that you and your child can go through all the mistakes together.
